We are the champions my friends and
we'll keep on fighting till the end. No
time for losers cause we are the
champions of the world

— Queen

JUNE 1986

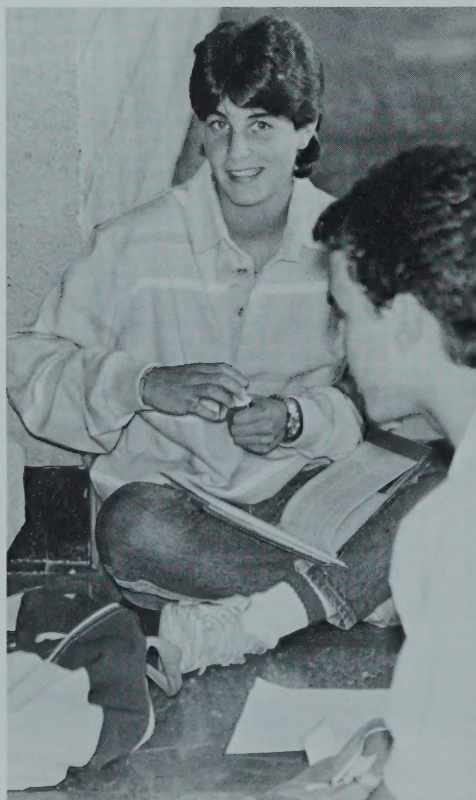

Together we stand we won't take a fall
'Cause we're winners and winners take all

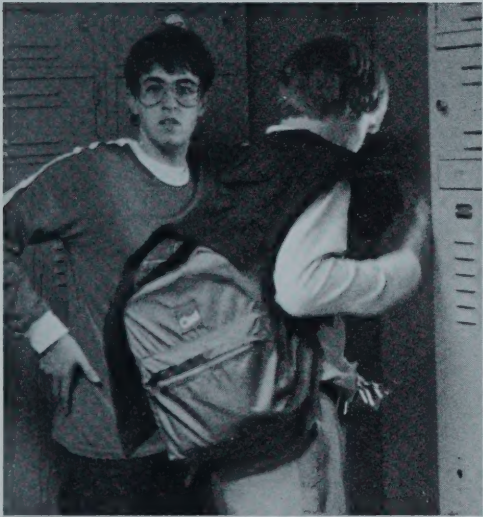

— Quiet Riot

8/86 - Giff

No I cannot forget where it is that
I came from
I cannot forget the people who
love me
Yeah, I can be myself in this
small town
And people let me be just what I
want to be

— John Cougar

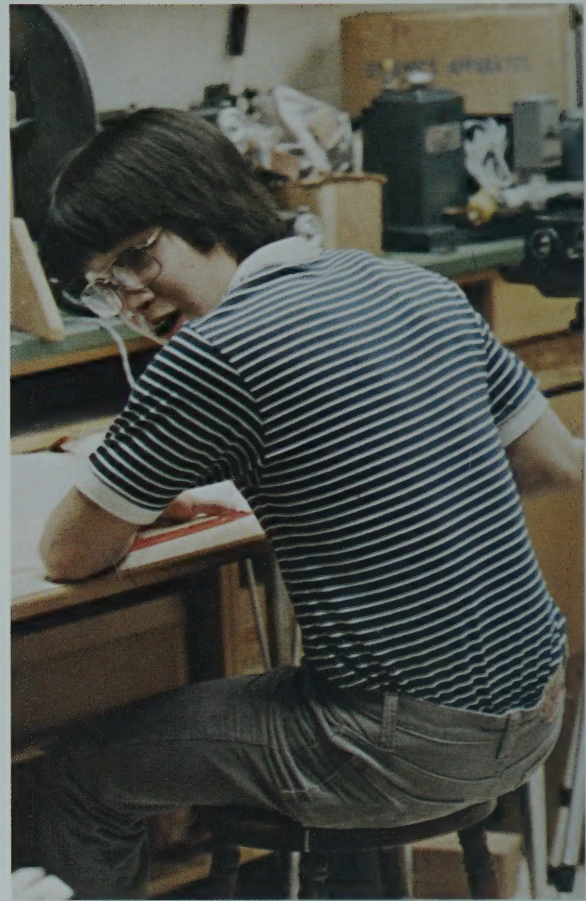

Don't be dismayed at good-byes
A farewell is necessary before we
can meet again
And meeting after moments of
lifetimes
Is certain for those who are
friends

— Author Unknown

We can never know about the days to come
but we think about them anyways
And I wonder if I'm really with you now
or just just chasing after some finer day.

Anticipation —
Carley Simon

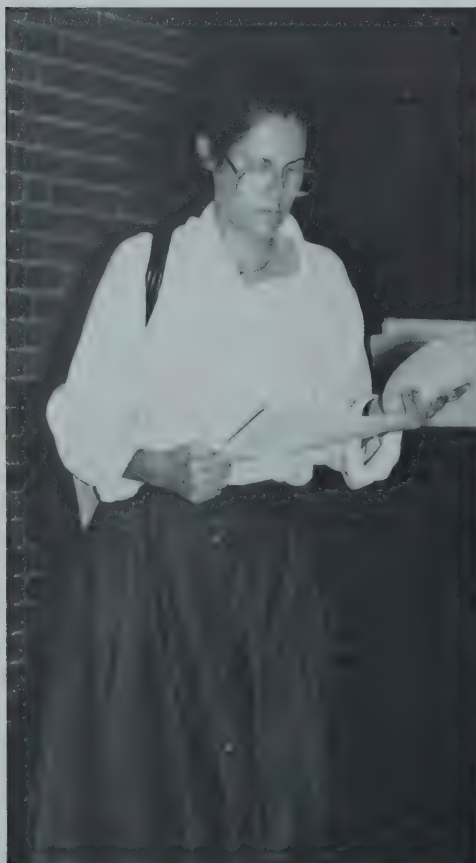

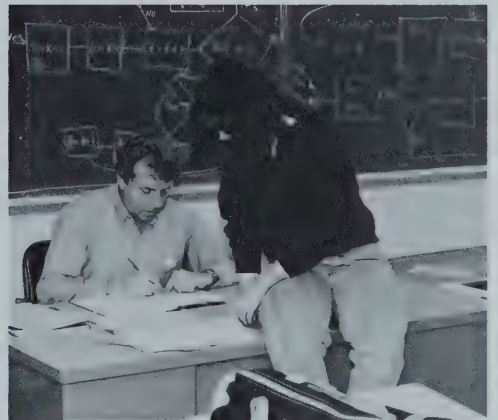

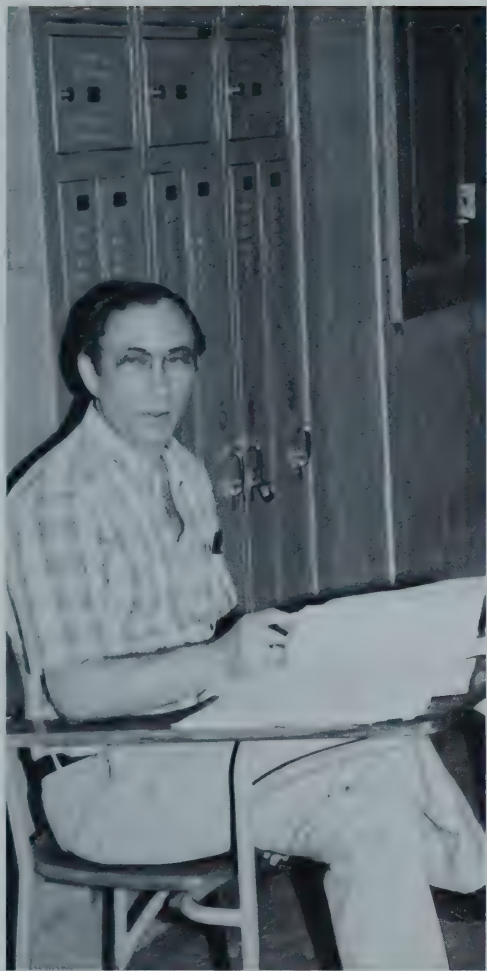

Look around me
 I can see my life before me
 Running rings around the way
 It used to be
 I am older now
 I have more than what I wanted
 But I wish I had started
 Long before I did

*Crosby, Stills,
 And Nash*

A teacher who can arouse a feeling for one single good action, for one single good poem, accomplishes more than he who fills our memory with rows, on rows of natural objects.

Von Gesethe

Teacher, teacher can you teach me?
Can you tell me if I'm right or
wrong? Teacher, teacher can you
reach me, I need to know what's
going on.

38 Special

This park and these houses
Old streets I have walked
Everything dear
will it be here
One day when I am returning? . . .
— ABBA

'And if I had the choice,
I'd always want to be there . . .
Those were the best days of my life!
— Bryan Adams

We'll make this a world for two
Our memories of yesterday
Will last a lifetime
We'll take the best, forget the rest
And someday will find
These are the best of times.

— STYX

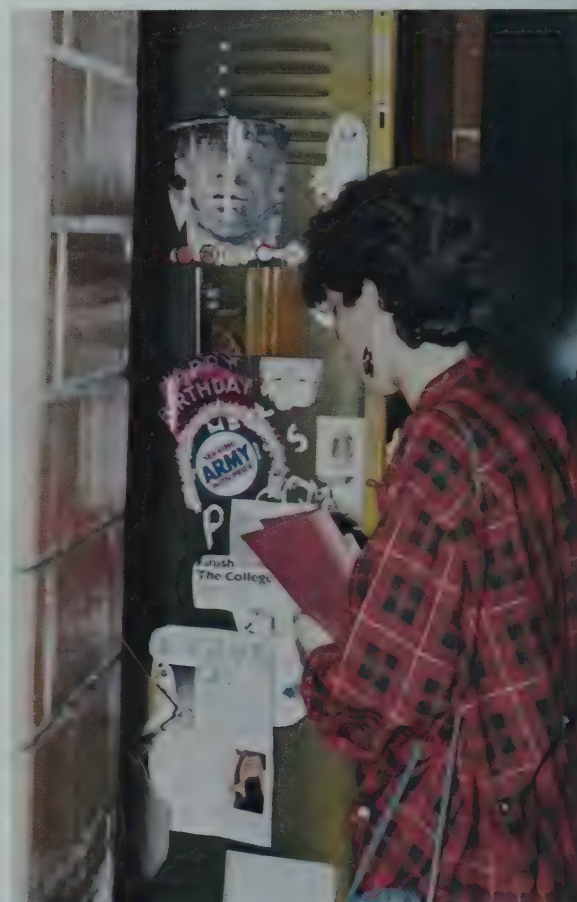

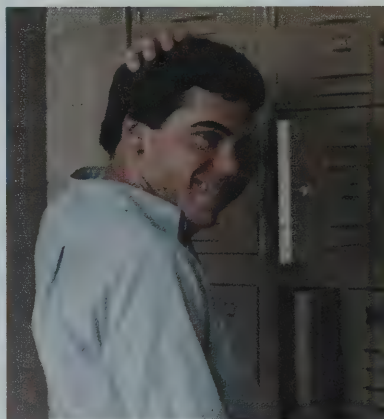

Movin' right along in search of good times and good news with good friends you can't lose. This could become a habit. Opportunity knocks once let's reach out and grab it, together we'll nab it. Movin' right along. Footloose and fancy free. Getting there is half the fun come share it with me.

— *The Muppet Movie*

Time it was and what a time it
was.

It was a time of innocence,
A time of confidences.
Long ago it must be,
I have a photograph,
Preserve your memories,
They're all that's left you.

— Paul Simon

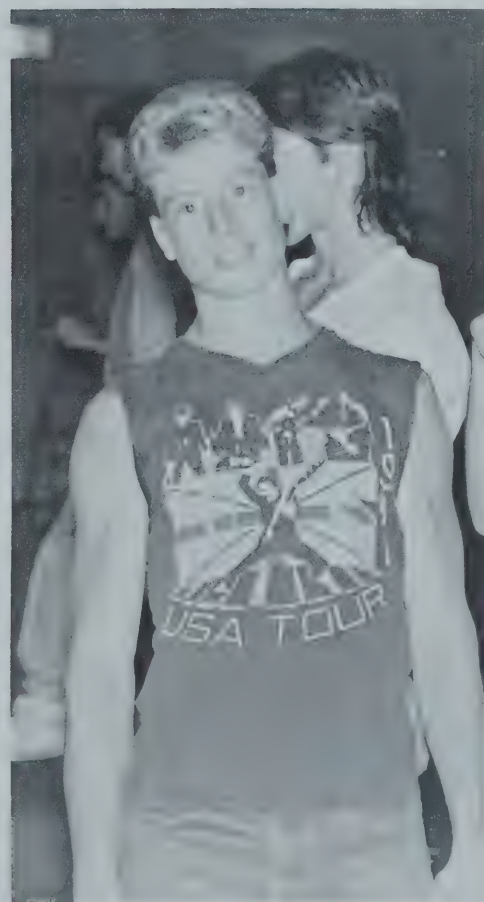

We'd like to know
A little bit about you
For our files.
We'd like to help you learn
To help yourself.

Look around you, all you see
Are sympathetic eyes,
Stroll around the grounds
Until you feel at home.
— Paul Simon

And we danced like a wave on the ocean, romance. We were liars in love and we danced, swept away for the moment by chance, yeah we danced . . .

— THE HOOTERS

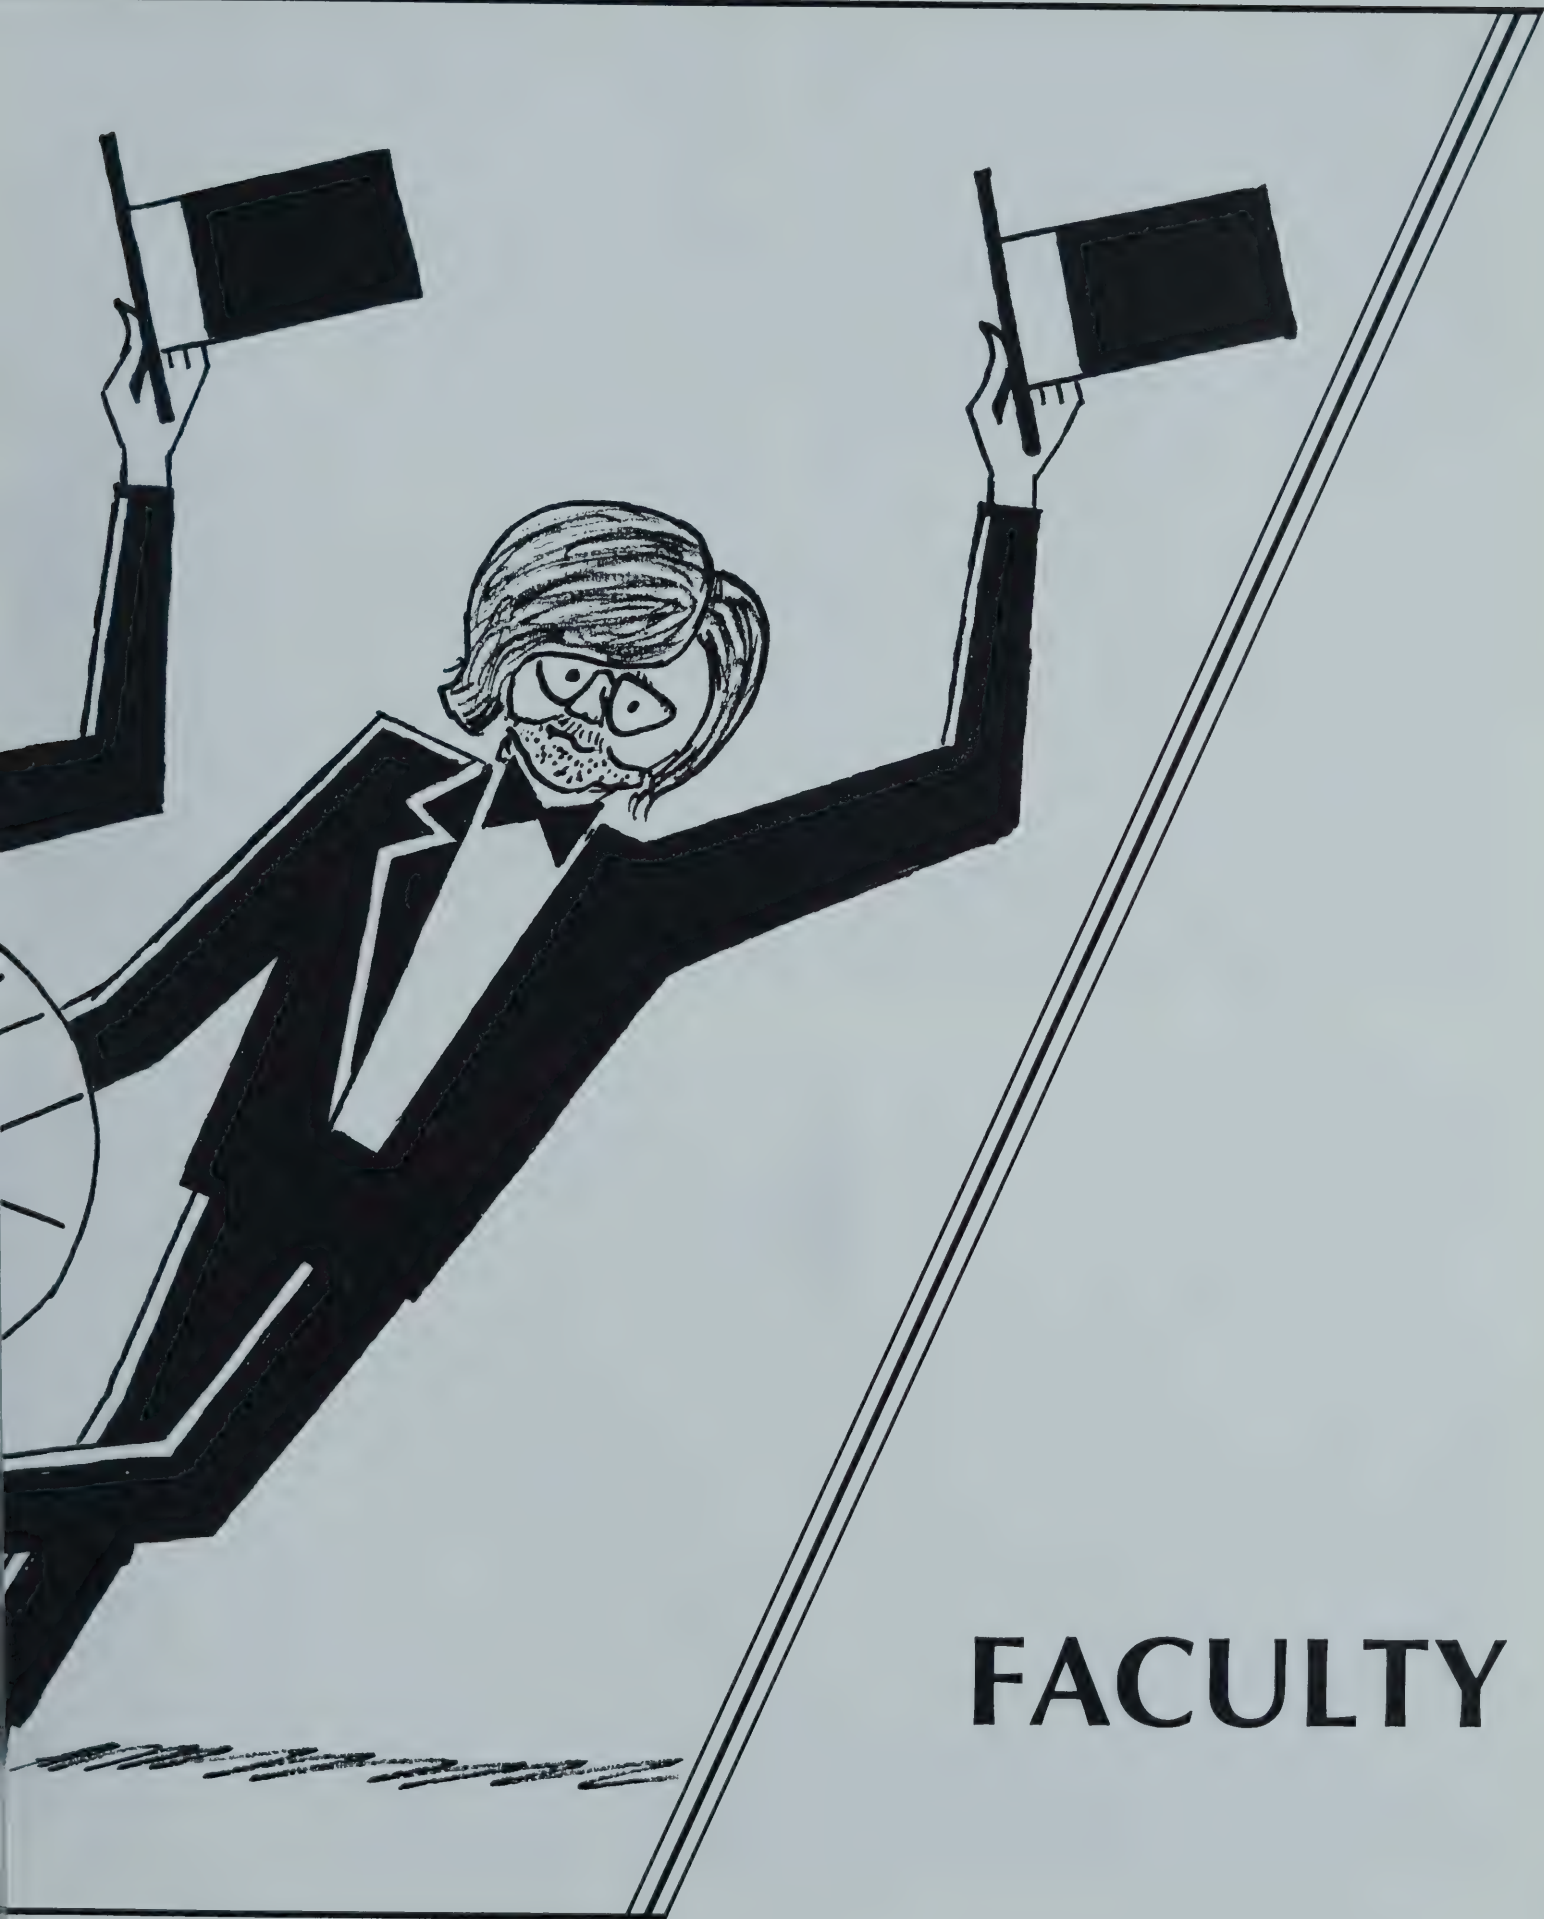

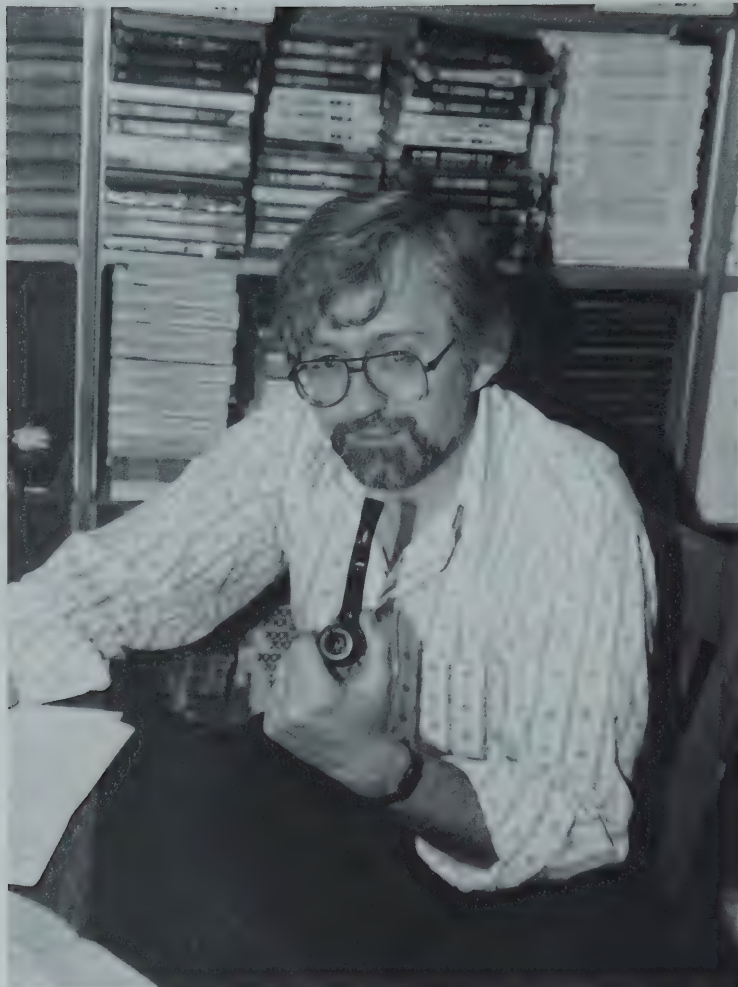

Well my friends the time has come,
To raise the roof and have some fun,
Throw away the work to be done,
Let the music play on . . .

Lionel Richie

WELCOME!

(clockwise): Paul Madden; Nancy O'Neil; Edwin Fredie.

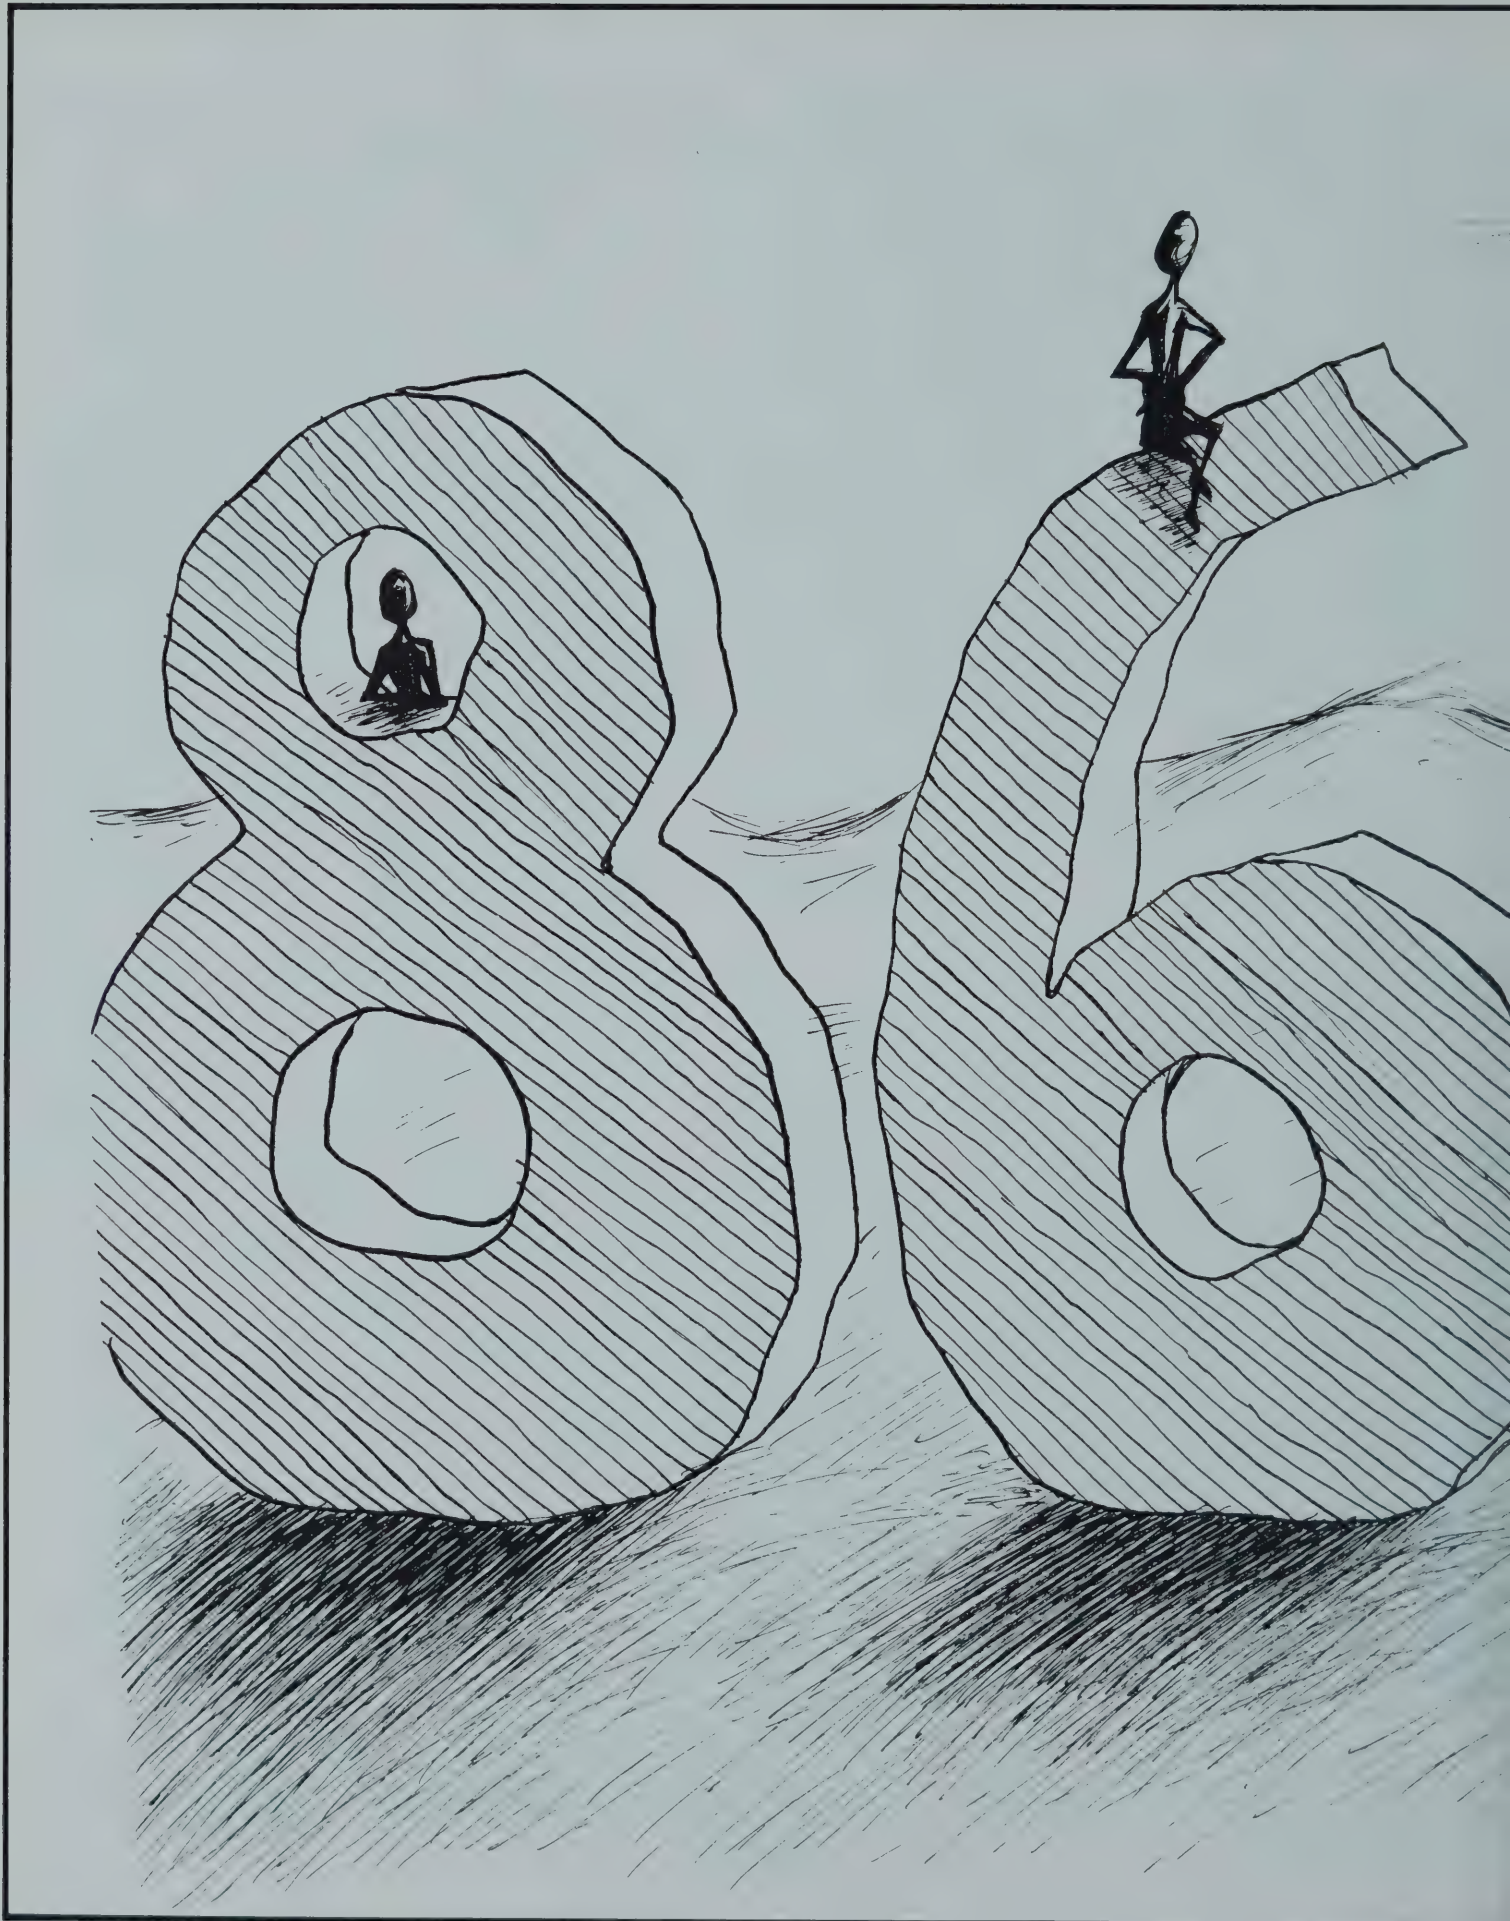

We honor Larry Kinsman, as he retires after five years of teaching Social Studies at Needham High School. Mr. Kinsman worked in the Needham School System for twenty years. From his students: "Thank-you, and good luck!"

"So many faces in and out of my life, some will last
Some will just be now and then
Life is a series of hellos and good-byes
I'm afraid it's time for good-bye again . . .
And so it's time to change our ways.
But I've loved these days.
So before we end (and then begin)
We'll drink a toast to how it's been."

WE ARE FAMILY

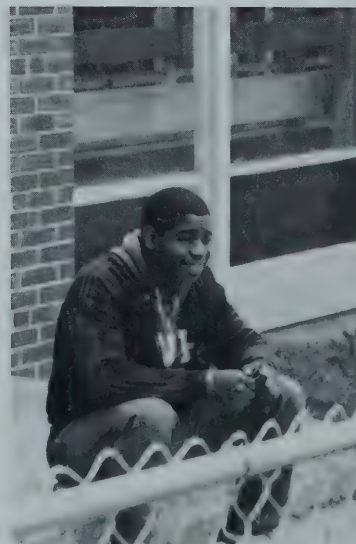

SENIORITIS IS . . .

- . . . finally becoming a senior and not being able to park in the upper lot
- . . . waiting four years for your senior picture and still not liking it.
- . . . getting up at 7:30 to be in school by 8:00.
- . . . deciding not to get so involved for the first time and finding you have nothing to do.
- . . . driving to school when you only live 2 blocks away.
- . . . begging the postman to open the doors.
- . . . never entering the science wing again.
- . . . planning for next weekend this weekend.

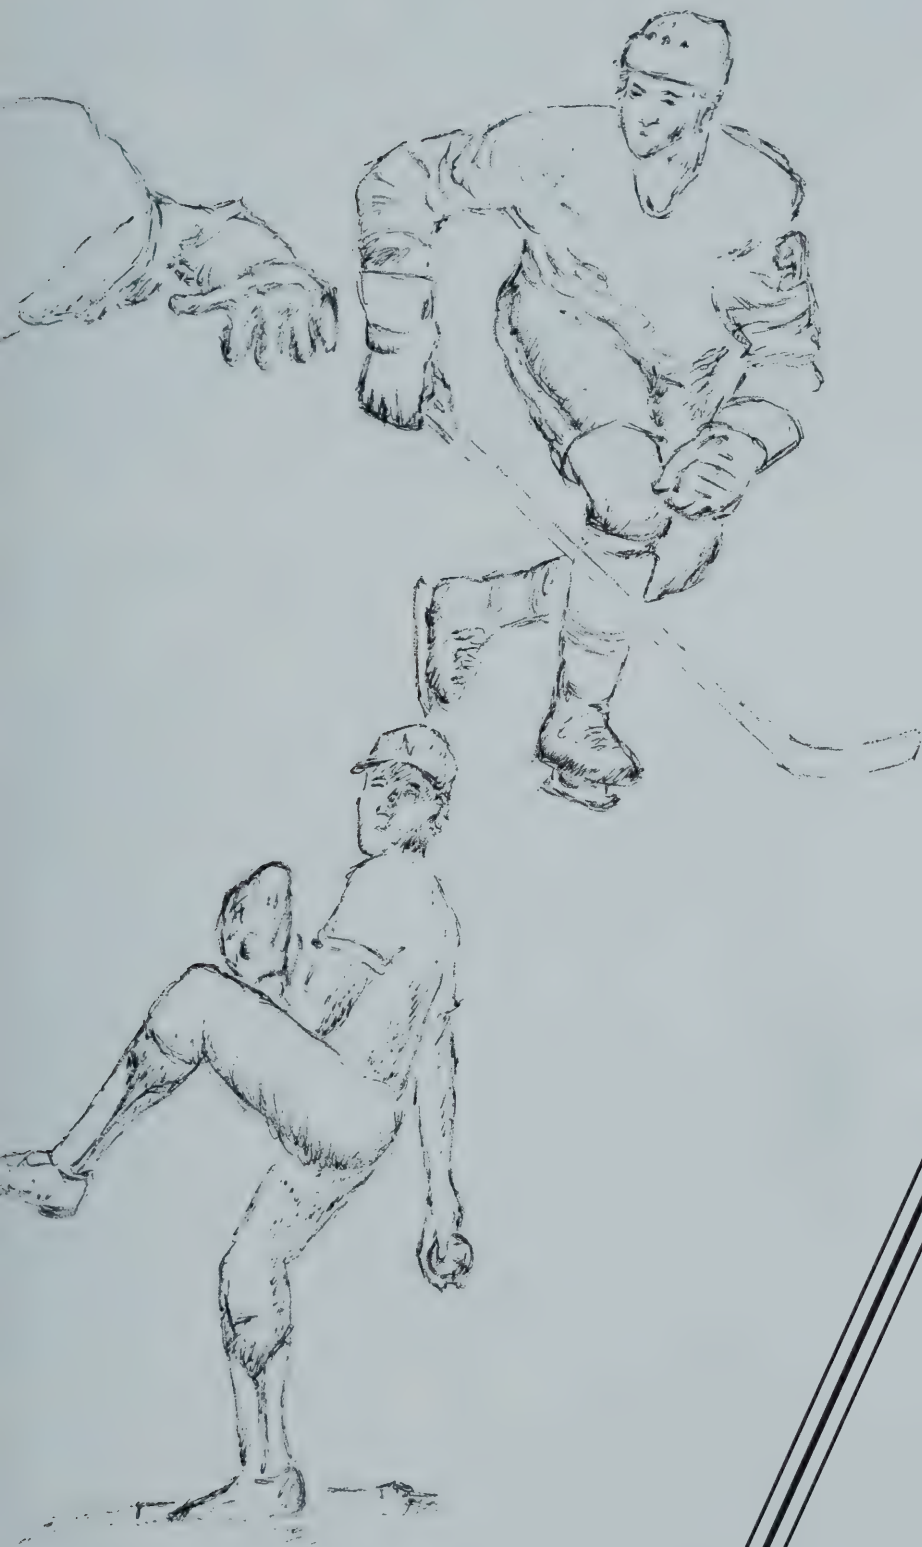

- ... majoring in frisbee.
- ... looking back on junior year and wondering how you did all that work.
- ... wondering how you got those applications in on time.
- ... knowing you may never have to fill out one of those bubble sheets again.
- ... blowing off first semester for applications.
- ... blowing off second semester for tradition.
- ... joining activities so you'll have something to write on applications
- ... getting deferred.
- ... getting rejected.
- ... creating your own vacations.
- ... "a myth."

This is not primarily the place where
we have to be.
It is the place where we are.
This is not our prison but our home.
It is the road we must walk and
the walking of it is called life.
Because we will walk it only once,
Then how important it is that we
should walk it
With some purpose that we can call it
our own.
